

HEALTHCARE INFORMATION TECHNOLOGY ADVISORY & IMPLEMENTATION

*Optimize the Value of your
Healthcare Information
Technology Investment*

MDR's™ Best Practices™ solution provides hospitals of any size, including rural and community hospitals and their ambulatory environments, with the highest quality of Health Information Technology (“HIT”) advisory, implementation and staffing services. Our Partner's experienced team of professionals, with over 20 years of experience, work with clients to drive change, add-value, and maximize the return on their HIT investment.

STRATEGY & ADVISORY SERVICES:

- Features an experienced Advisory Services Team with deep subject matter expertise in system selection, long-range planning, investment modeling and Total Cost of Ownership (“TCO”) forecasting, including a thorough understanding of Meaningful Use and the steps necessary to achieve compliance.
- Provides outside independent perspectives, executive education and unbiased advice to help facilitate decision making while taking into account clients' environmental drivers, size, technology progressiveness and financial means.
- Includes a broad range of assessment, planning and management offerings to help IT, clinical and executive leadership establish and align around a common roadmap—one that is achievable, cost-effective and tuned to clients' specific needs.

IMPLEMENTATION SERVICES:

Provides in-depth hands-on experience helping clients implement complex inpatient, outpatient and ambulatory clinical and financial systems including, MEDITECH, CPSI, Epic, Cerner, McKesson, eClinicalWorks, Greenway, NextGen, and others.

- **Approach**—Focuses on operational alignment, process enhancement and measurable outcomes.
- **Methodology**—Addresses the human workflow and technology components of an IT enabled initiative, ensuring maximized IT investment value .

IT STAFFING SERVICES:

- Includes seasoned professionals who bring a deep understanding of Best Practices™ , proven methods and first-hand, “real-world” experiences to staffing engagements.
- Offers support for Interim Executive engagements to assist in organizational transition as well as Subject Matter Experts (SME) to assist with special projects.
