

# PATIENT ACCOUNTS RECEIVABLE FINANCING

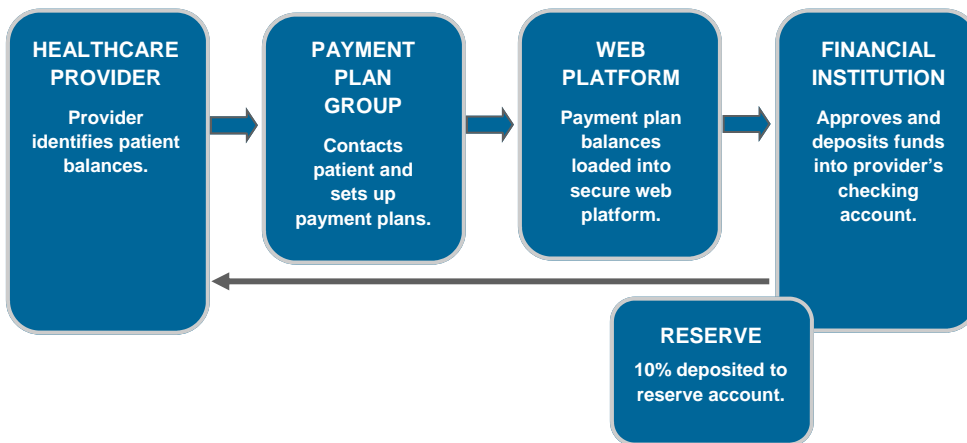

*Enables Providers to Receive Cash Upfront While Offering Affordable Payment Terms to Patients*

The portion of medical claims balances due from individual patients is growing. The changing healthcare landscape is resulting in new financing needs for patients and healthcare providers. Many healthcare providers are currently being forced to carry notes covering the large patient portion of medical claims in order to someday get paid in full.

Our Partner's Patient Accounts Receivable Financing Program gives providers a way to turn these assets into immediate cash flow.

## Funding Process:

## Key Benefits:

- *Delivers immediate cash flow for payment plan patients*
- *Offers extended terms to EVERY patient*
- *Improves profits with greater collection percentage*
- *Reduces administrative costs and overhead*
- *Enhances public image*

## PROGRAM HIGHLIGHTS:

- Provides a proprietary Web-based solution that enables healthcare organizations to receive cash upfront for patient payment plan accounts.
- Doesn't charge late fees or report credit history.
- Accepts all patients regardless of income or credit.
- Establishes payment term and amount with a contract.
- Sends all statements and collects all checks.
- Keeps all personal information private.
